

Cynological CV – WUSV-Continental Director Vinšová Denisa – Czech Republic

I have had a love for German Shepherds since I was born into a breeding family in 1995. And my passion has stayed with me to this day.

I have been training dogs myself since I was about 12 years old and breeding since I was about 15 years old in our family kennel Bestia Rapax, which I share with my mother.

I have passed many working exams with my dogs, and I participate every year in the Czech Siegerschau. I have won the VA title with my dog several times and many times as a handler, about 6 times I even ran for the title of VA1 CZ winner as the handler. With my dog I even won the title of the best performance of TSB at this event in the competition of the participants of the national championship.

I breed dogs both from show line and with my dog from working line I took part in Czech championship of German Shepherds.

For a while I also worked as an executive of the Czech German Shepherd Club.

Since I have fulfilled the conditions for appointment as a judge for exterior of dogs, I also work as a judge for German Shepherds.

In my private life, I practice law as a lawyer, a law clerk. I graduated from the Faculty of Law of Charles University.

I speak Czech, English and basic German.”

With best regards,

Mgr. Vinšová Denisa
