

Obituary on the death of Francisco Javier Silva Parrondo – German Shepherd Dog Club of Spain, REAL CEPPA

The cynological world has lost one of its strong pillars – the WUSV member club mourns the death of its highly esteemed President - Don Francisco Javier Silva Parrondo. At the age of only 61 years his life came to a sudden end. Life is a phenomenon – too complex to fully understand all the paths it takes.

We will remember Don Javier as a very optimistic person and full of dedication for and commitment to the German Shepherd Dog breed. He was the owner of the kennel De JALEX.

His death is a grave loss – not only for his club – our thoughts also go out to his family, and we are with them in our minds.

May he rest in peace.
